PROFILE

I am Irsyad Shofwan Fauzi, an Informatics graduate from Universitas Jenderal Achmad Yani with over 2 years of combined experience in IT and technology-related roles, including IT Support, IT Infrastructure, Software Development, General Affairs, and HR Support. My technical expertise includes website and mobile development, game development, Laravel, Flutter, React Native, Unity, C#, PHP, JavaScript, IT infrastructure, network troubleshooting, hardware maintenance, UI/UX design, and AI-assisted development and prompt engineering. BNSP Junior Web Programmer certified, I am passionate about leveraging technology to solve problems, improve business processes, and deliver effective technical solutions.

WORK EXPERIENCES

IT Support - General Affair - HR Support, *PT Aiko Negara Daha* 04/2025 – 08/2026 | Bekasi, Indonesia
- IT & Software Development: Developed and maintained software solutions to support business operations, including web applications, internal systems, and business process automation.
- IT Infrastructure: Managed and maintained IT infrastructure, including LAN/network installation, network troubleshooting, hardware configuration, software installation, and basic system administration.
- IT Support: Provided technical support for employees, including PC/laptop, printer, software, network, and hardware troubleshooting to ensure smooth daily operations.
- Human Resources (HR): Managed employee attendance records, overtime data, and administrative support to ensure accurate and efficient HR operations.
- General Affairs (GA): Managed operational facilities, office supplies, transportation, employee needs, and coordination of workplace services while addressing employee concerns.

Mobile Application Developer, *Shejek* 01/2024 – 06/2024 | Bandung, Indonesia
- Architected and enhanced high-performing mobile app features, driving continuous improvements in responsiveness, usability, and app store ratings. Partnered with engineering and product teams to streamline update cycles and deliver robust, scalable mobile applications. Proactively troublingshot bugs and performance bottlenecks, ensuring high uptime and a flawless end-user experience.

IT Support & IT Programmer, *Kementrian Pertanian internship* 07/2023 – 08/2023 | Jakarta, Indonesia
- Developed a replica of the PPID Pertanian website using Laravel, including website interface and core functionalities.
- Provided IT Support for hardware, software, network, and troubleshooting of technical issues.
- Assisted users in resolving technical problems and maintaining IT equipment to support daily operations.

Teaching Assistant, *Jenderal Achmad Yani Univesity* 10/2023 – 06/2024 | Cimahi, Indonesia

Data Structures | 14 March 2024 – 20 June 2024
- Assisted students in practical sessions on data structures and programming logic using C/C++, including arrays and data storage concepts.
- Guided students in completing programming exercises and troubleshooting code.

Multimedia Systems | 10 October 2023 – 19 December 2023
- Assisted students in practical sessions on multimedia development and interactive applications.
- Guided students in creating simple games using Adobe Animate and troubleshooting implementation issues.

EDUCATIONS

Bachelor of Informatics, *Jenderal Achmad Yani University* 09/2020 – 02/2025 | Cimahi, Indonesia

Senior High School, *Cikampek 1* 07/2017 – 06/2020 | Karawang, Indonesia

Junior High School, *Banyusari 1* 07/2014 – 06/2017 | Karawang, Indonesia

Elementary School, *Cicinde Selatan 1* 07/2008 – 06/2014 | Karawang, Indonesia

SKILLS

Website Development
HTML5, CSS3, JavaScript, Responsive Web Design, Front-End Development, Back-End Development, REST API Integration, Website Optimization, Cross-Browser Compatibility, and Website Maintenance.

Game Development
Unity Game Engine, C# Programming, 2D and 3D Game Development, Game Mechanics, Level Design, Character Control, Physics Systems, Game Testing, Debugging, and Performance Optimization.

AI & Prompt Engineering
AI Prompting, Prompt Engineering, AI-Assisted Development, Text-to-Image Generation, AI Image & Photo Generation, Image Editing with AI, and AI-Assisted Content Creation.

UI/UX Design
User Interface Design, User Experience Research, Wireframing, Prototyping, Responsive Layout, Design Systems, Usability Testing, Figma, Visual Design, and User-Centered Design.

Hardware Skills
Computer Assembly & Troubleshooting, Printer Installation & Maintenance, Hardware Diagnostics, Peripheral Installation, PC/Laptop Maintenance, Basic Server Setup, Hardware Upgrading.

Leadership & Professional Skills
Communication, Team Coordination, Problem Solving, Decision Making, Strategic Thinking, Creativity, Time Management, Task Delegation, Conflict Resolution, and Team Motivation.

Mobile Application Development
Android Application Development, Flutter, Dart, Java, Kotlin, Responsive Mobile Interface, REST API Integration, Firebase, Mobile Application Testing, Debugging, and Application Deployment.

IT Support & Infrastructure
Computer Assembly & Troubleshooting, PC/Laptop Maintenance, Hardware Diagnostics, Printer Installation & Maintenance, Software Installation, Basic Server Setup, LAN Setup & Configuration, Network Troubleshooting, IP Addressing, and Basic Router & Switch Configuration.

Asset Management
Asset Data Collection, Asset Inventory, Asset Tracking, Asset Classification, Maintenance Scheduling, Asset Documentation, Stock Monitoring, Reporting, Risk Identification, and Asset Lifecycle Management.

Programming & Framework
- Languages: C/C++, C#, PHP, JavaScript, Dart, Java, Kotlin
- Framework/Tools: Laravel, Flutter, React Native, Unity
- Database: MySQL, Firebase, Supabase

Network / LAN Skills
LAN Setup & Configuration, Network Troubleshooting, IP Addressing, Router & Switch Configuration (Basic), Internet Sharing & Bandwidth Management.

CERTIFICATES

BNSP (Jun 2024 - Jun 2027)
BNSP Junior Web Programmer certificate, which covers basic skills in web programming using HTML, CSS, and JavaScript, as well as database and API integration techniques

Komdigi x Microsoft – Dasar-dasar Keamanan AI (Digital Talent Scholarship 2025) (07 May 2025)
Completed training on AI security fundamentals under the Digital Talent Scholarship program organized by Komdigi in collaboration with Microsoft.

VR CREATION TRAINING BATCH I (07 June 2022)
Completed Virtual Reality (VR) Creation Training, covering the fundamentals of immersive content development, 3D environment creation, and interactive experience design using VR technologies.

DICODING (05 May 2025)
Completed an introductory course on Cloud Computing and Generative AI using AWS services. Gained knowledge in cloud fundamentals, AI concepts, and basic implementation of generative AI solutions in real-world applications.
