PROFILE

I am Irsyad Shofwan Fauzi, a graduate of Universitas Jenderal Achmad Yani with one year of experience in Information Technology and General Affairs (GA). I have experience developing and managing IT projects, as well as supporting company operations through administrative and technical solutions. I have developed several technology projects and possess a BNSP Junior Web Programming certification. I am passionate about technology development, problem-solving, and continuously improving my skills to deliver effective solutions for business needs.

WORK EXPERIENCES

Information Technology Support Role, PT Aiko Negara Daha 04/2025 – Present

- Human Resource (HR): Optimized attendance management systems, tracking employee hours with high precision to support seamless payroll processing.
- General Affairs (GA): Addressed and resolved employee concerns with discretion and empathy, enhancing overall workplace satisfaction and employee retention.
- IT: Assessed candidate profiles and successfully recommended top talent for targeted roles, contributing to a more effective hiring pipeline.

Mobile Application Developer, Shejek 01/2024 – 06/2024

Architected and enhanced high-performing mobile app features, driving continuous improvements in responsiveness, usability, and app store ratings. Partnered with engineering and product teams to streamline update cycles and deliver robust, scalable mobile applications. Proactively troubleshooting bugs and performance bottlenecks, ensuring high uptime and a flawless end-user experience.
